SUBJECT: **Loan/Grant Application**
 Application No. 11-332

I have reviewed the information provided regarding the land acquisition and construction of affordable housing by the Adams County Housing Authority in the City of Thornton. The City participates in the National Flood Insurance Program and the attached Flood Insurance Rate Map Panel 08001C0602H identifies the Special Flood Hazard Areas (SFHA) within the vicinity.

Any development within an identified SFHA will require a Floodplain Development Permit. Based on my review of the Flood Insurance Rate Map, the site occupied by the project appears to be located outside of identified SFHA's. As such, there do not appear to be any floodplain management concerns associated with the proposed work.

Thank you for the opportunity to participate in this review. If you have any questions, feel free to call me at 303-866-3441 ext. 3215.
